

IMPORTANT NOTES • PLEASE READ

Please be aware that your full time Mobile License does not insure that you can sell food wherever or whenever you want to. You may need permission from one or more City Departments or special event coordinators. The following is a list of guidelines to keep in mind.

- (1) If you have a propane gas tank and are a stationary vendor or plan on serving at a Newton event where your cart or truck will be set up for more than five minutes, you must obtain a propane gas permit from the Newton Fire Department.
- (2) Any vendor planning to set up on City property must obtain permission from the Department of Public Works or the Department of Parks and Recreation, depending on whose jurisdiction the area falls under.
- (3) Any vendor planning to set up on private or commercial property must obtain permission from the Zoning Department.
- (4) Any vendor planning to serve food at a Newton sponsored event must contact the head of that event PRIOR to attending.

In addition, if you are an events only licensee or if you are a full time licensee planning on serving food at a function other than your normal route, you must contact the Newton Health Department BEFORE the event.

If you have any questions regarding this matter contact this office at 617-796-1420.
